

# Mello: The High-Speed Charger That Fits on a Keyring

*Innovative Charging Technology Unveiled:  
The Mello Charger*

LAS VEGAS, NEVADA, UNITED STATES, October 17, 2023 /EINPresswire.com/ -- A notable development in charging technology, [the Mello charger](#), is set to redefine how we power our devices. Currently available for pre-order through Kickstarter, Mello presents an efficient charging solution for consumers.

Mello incorporates a 20W GaN charger, offering rapid charging capabilities, ultimately minimizing device downtime.

The design of Mello is focused on user convenience, with its sleek and foldable structure allowing it to be attached to a keyring. This charger simplifies the charging process by supporting various devices and providing international compatibility with four plug-in versions.

Included with each Mello charger is a discreet charging cable designed for easy access, contributing to the overall practicality of the product.

For a limited time, [early reservations can be made for the VIP Mello charger](#).
