Onosonic, an innovative company based in the prestigious Emirates Towers in Dubai, is at the forefront of enhancing oral health through the integration of contemporary technology and design.

Innovative Technology Meets Elegance

“

The ultrasonic toothbrush is clinically proven to remove significantly more plaque than a manual toothbrush”

The American Dental Association

Onosonic designs [electric toothbrushes](#) and water flossers with the goal of creating oral health products that are both practical and visually appealing. With a mission to bring innovation to the industry, the company is dedicated to delivering advanced and effective oral health products designed with aesthetics in mind.

Onosonic's electric toothbrushes aim to enhance the [oral care](#) routine. Their range of modern oral care devices goes

beyond function to provide an elevated daily experience. Precision engineering, innovation, and high-quality craftsmanship are evident in all products under the Onosonic brand.

Technology preventing teeth staining.

Onosonic Twin Engine Toothbrushes have been meticulously designed to offer effective stain removal, promoting the maintenance of white and healthy teeth. This technology is designed to address common challenges, such as coffee stains.

Sonic Waves for Speed and Precision.

Onosonic electric toothbrushes utilize sonic technology for efficient teeth cleaning. High-frequency vibrations generated by the sonic twin-engine help dislodge and remove plaque, food particles, and stains from all areas of teeth, providing a faster and more effective oral care routine.

Efficiency Meets Convenience.

ONOSONIC DX-1 Smart Electric Toothbrush

Modern life can get busy, but dental care doesn't have to be compromised. Onosonic Twin Engine Electric Toothbrushes provide a thorough cleaning in just 2 minutes, making it more convenient to maintain oral health.

But that's not all – Onosonic Electric Toothbrushes offer various other features:

Smart Timer: Ensuring a recommended 2-minute brushing time, with even division between all quadrants of the mouth.

Multiple Cleaning Modes: Onosonic Electric toothbrush offers different brushing modes for specific oral care needs, including White teeth mode, Clean, Polish, Gum Care, and Sensitive mode.

Long-lasting Battery: Extended use on a single charge, suitable for both home and on-the-go use.

Ergonomic Design: Designed for comfort, ensuring a secure grip and ease of handling.

Interchangeable Brush Heads: Easily swap out brush heads to maintain a fresh and effective toothbrush.

USB charging: Onosonic understands the need for convenience. The electric toothbrushes come

equipped with a USB interface for convenient charging on the go.

USB Travel Case: Onosonic introduces a well-designed travel case with USB charging capabilities for use with the Electric Toothbrush, enhancing the convenience of the oral care routine.

A Brand with Global Aspirations

While Onosonic is headquartered in Dubai, the company's vision extends beyond the city's skyline. The aim is to have a global impact by bringing innovative products to discerning customers worldwide.

Onosonic's [Electric Toothbrushes and Water Flossers](#) stand out in the oral care industry. With state-of-the-art Twin Engine Sonic Technology, these devices offer an advanced brushing and flossing experience.

The success story of Onosonic is rooted in the expertise of a Belgian dentist who has dedicated decades to perfecting the art of oral health. His passion for creating the ultimate oral care devices has resulted in Onosonic's range of electric toothbrushes and water flossers, designed with care and precision.

Onosonic's mission is to support oral health by promoting white and healthy teeth. The sonic electric toothbrushes and water flossers are designed to be reliable tools for maintaining oral health and a beautiful smile.

ONOSONIC Endorsed by Dental Professionals

In Dubai, Onosonic has gained the trust of dental professionals who appreciate its superior technology and reliability. Dentists in the region recommend Onosonic for its results and commitment to dental well-being.
