Vampyre Cosmetics LLC receives prestigious WBENC Certification

LOS ANGELES, CA, USA, October 19, 2023 /EINPresswire.com/ -- [Vampyre Cosmetics](#) LLC, the beauty disruptor specializing in crafting color cosmetics that embody responsible beauty practices is proud to announce national certification as a Women's Business Enterprise by the Women's Business Enterprise Council - Pacific, a regional certifying partner of the Women's Business Enterprise National Council (WBENC). WBENC Certification is the gold standard for women-owned business certification in the United States.

"WBENC Certification isn't just a stamp of approval; it's a powerful affirmation of our commitment to excellence, inclusivity, and ethical practices. It matters to us because it's not just about our success, but about the collective strength of women-owned businesses. It's a testament to the endless possibilities when women come together to uplift and empower each other. This certification isn't just about opening doors; it's about building bridges and creating a brighter future for women in business." Rachel Clinesmith CEO/ Founder [Vampyre Cosmetics LLC](#).

The WBENC standard of certification implemented by the Women's Business Enterprise Council - Pacific is a meticulous process, including an in-depth review of the business and a site inspection. The certification process is designed to confirm the business is at least 51% owned, operated, and controlled by a woman or women, and that the business has appropriate structure and strategic business planning and implementation in place.

By including women-owned businesses among their suppliers, corporations and government agencies demonstrate their commitment to fostering diversity and the continued development of their supplier diversity programs, which in turn empowers women as leaders and brings about a more diverse, balanced and sustainable economy.

WBENC Certification combined with professional development and engagement in the WBENC network provides unsurpassed opportunities year-round, both virtually and in-person, for women-owned businesses to grow and expand their business and innovation through events, programming and connections with major corporations and other WBEs.
