At Oasis Face Bar we are bridging the gap between a day spa and a med spa, with our affordable, clinical and targeted facial services. Offered in a fun, social, open-concept environment, which is great for groups of all sizes..

The Glo2Facial™ journey begins with Oxfoliation™, an O2 bubble-powered process that combines oxygenation and exfoliation to prepare the skin for optimal nutrient absorption. Following Oxfoliation™, patients experience the Lux micro-vibrations, delivered through a gentle ultrasound, enhancing the skin's ability to absorb essential nutrients, and leaving the skin surface smoother. The Glo2Facial™ experience culminates with Detox, an innovative hands-free lymphatic massage that sculpts the face, reduces redness and inflammation, and promotes deeper absorption of active ingredients into the skin.

The gold flakes in the Glo2 Facial "Glam" customization do more than make your skin sparkle. It delivers strong exfoliation with moisture retention and will firm the skin and prevent loss of collagen.

Oasis Face Bar's embrace of Glo2Facial™ technology underscores their unwavering commitment to offering the latest advancements in skincare. Their dedication to client well-being and their position as a trusted provider of cutting-edge treatments in Chicago's Wicker Park neighborhood make them a go-to destination for skincare enthusiasts seeking exceptional care.
