

Stump Magic and Tree Removal Partners with Tree Leads Today to Transform Tree Care Business

SPRINGFIELD, OHIO, USA, October 20, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- In a significant move to enhance its presence in the tree care and removal industry, Stump Magic and Tree Removal is thrilled to announce its marketing partnership with Tree Leads Today, a renowned company specializing in providing exclusive leads to businesses in this field.

Tree care and removal services have become essential in maintaining safety, aesthetics, and environmental well-being. With the increasing demand for professional tree services, Jeremy Richards, owner of Stump Magic and Tree Removal, recognized the need to expand and reach a broader audience to provide high-quality tree care.

Based in Springfield, Ohio, Stump Magic and Tree Removal has been serving Butler County for 13 years, consistently delivering top-notch services. However, with the evolving digital landscape, they saw the potential to grow their business further. This realization led Jeremy to explore innovative marketing solutions.

Tree Leads Today has rapidly gained recognition within the industry as a game-changer for tree care businesses. By offering exclusive leads, they ensure that companies get direct access to customers looking for their services. The leads are not distributed to multiple competitors, allowing businesses to focus on delivering top-quality service rather than competing for customers.

Jeremy Richards heard about Tree Leads Today through peers in the tree service industry. He stated, "I heard about TLT years ago and only wish I had started with them sooner." Jeremy is particularly excited about the trial period, which sets TLT apart from other marketing companies. The onboarding process has been seamless, and the company values building strong

partnerships without unnecessary pressure.

With a single crew and 13 years of experience, Stump Magic and Tree Removal brings a wealth of expertise to the table. They offer services such as tree removal, tree assessments, expert pruning, land and lot clearing, hazardous removals, crane services, storm damage cleanup, emergency services, and ornamental pruning. The company's commitment to customer service, safety, and efficient work has resulted in a strong reputation.

As winter approaches, Jeremy recommends property owners to prepare by trimming back trees, removing dead branches, and addressing overgrowth. This proactive approach can prevent ice or snow from breaking limbs and potentially harming the health of trees.

This partnership between Stump Magic and Tree Removal and Tree Leads Today is set to be a game-changer in the tree care industry. By combining experience, innovation, and exclusive leads, they aim to serve their community better and create a brighter future for tree care in Springfield and beyond.
