

# Ohana One International and TeleMeet Announce Strategic Partnership to Enhance Global Collaboration

*Innovative virtual platform creates new pathways for medical collaboration and knowledge exchange, elevating healthcare standards in developing regions.*

LOS ANGELES, CA, UNITED STATES, October 23, 2023 /EINPresswire.com/ -- Ohana One, a nonprofit organization dedicated to cultivating high-quality surgical and anesthesia programs in developing areas around the world, and TeleMeet, a cutting-edge virtual communication platform headquartered in Charlotte, North Carolina, are pleased to announce a strategic partnership that will empower organizations to collaborate seamlessly across borders.

Ohana One's mission is to promote collaboration between organizations with similar goals and open pathways for healthcare providers to volunteer their career expertise. Their work goes beyond single mission trips, focusing on establishing long-term sustainable surgical training programs utilizing mentor relationships and advanced technology, including smart glasses through their Surgical Sight program. By partnering with TeleMeet, Ohana One aims to further their global reach and enhance the support it offers to healthcare providers in underserved areas.

In today's fast-paced healthcare landscape, the ability to connect and collaborate with medical professionals worldwide is essential. Ohana One, with its dedication to elevating and expanding safe self-sustaining surgical care in areas that need it most, complements TeleMeet's advanced virtual communication capabilities.

The collaboration between Ohana One and TeleMeet will enable healthcare organizations to:

1. Expand Global Medical Training: Ohana One's commitment to establishing sustainable surgical

By leveraging TeleMeet's innovative virtual platform, we can create new pathways for medical collaboration and knowledge exchange, helping us elevate healthcare standards in developing regions."

training programs will be augmented by TeleMeet's virtual communication platform. This partnership will facilitate the exchange of medical expertise and training resources across international borders.

2. Enhance Remote Medical Consultations: TeleMeet's user-friendly interface, integrated with Ohana One's mission, will make it easier for healthcare providers to connect, consult, and collaborate on complex medical cases, even in remote areas that struggle to receive medical attention.

3. Empower Medical Volunteers: Healthcare professionals

volunteering their career expertise with Ohana One will benefit from TeleMeet's virtual tools, which will enable them to provide guidance and mentorship to medical practitioners globally.

Commenting on the partnership, Marchelle Sellers, Executive Director of Ohana One, said, "We are thrilled to partner with TeleMeet to amplify our mission of improving surgical and anesthesia programs in underserved areas. By leveraging TeleMeet's innovative virtual platform, we can create new pathways for medical collaboration and knowledge exchange, ultimately helping us elevate healthcare standards in developing regions."

Khash Sarrafi, CEO of TeleMeet, added, "Our collaboration with Ohana One aligns with our commitment to using technology to make a positive impact. Together, we will enhance the reach and effectiveness of medical training and consultations, making it easier for healthcare professionals worldwide to connect and improve patient care."

The partnership between Ohana One and TeleMeet represents a significant step forward in the world of global healthcare collaboration. Together, they will provide healthcare organizations with the tools and expertise needed to enhance life-changing medical training and elevate patient care in underserved regions.
