

HireLifeScience.com Hosts Highly Successful 2023 Career Fair in Edison, NJ

With Aequor as the career fair talent sponsor, HireLifeScience.com saw great turnout this year for its annual fair. Don't miss the November 2nd event in Boston!

PISCATAWAY, NEW JERSEY, UNITED STATES, October 23, 2023

[/EINPresswire.com/](https://EINPresswire.com/) --

HireLifeScience.com, a leading career resource for the life sciences industry, hosted a remarkable career fair on October 10, 2023, at the Edison Convention Center, bringing together top talent and industry-leading employers. The event was a resounding success, with over 500 attendees and 21 prominent life science employers in attendance.

The event, which drew candidates with a minimum of a 4-year life science-related degree and at least 2 years of professional experience in the Life Science fields, attracted a record number of 900 pre-registered candidates. These high-caliber individuals were eagerly seeking opportunities to further their careers in the life sciences industry.

"After the last 3 years with lower than usual career fair turnout in the world of Covid, it was wonderful to see a packed house with some of the area's brightest available talent," said HireLifeScience.com founder Rob Masterson.

"HireLifeScience.com and our clients were thrilled to see everybody back and we thank everyone

for their participation. Come see us in Boston where additional, new companies will be in attendance on November 2, 2023."

Notably, the event would not have been possible without the generous support of four esteemed event sponsors: Novo Nordisk, a global healthcare company with more than 95 years of innovation and leadership in diabetes care; Insmmed, a global biopharmaceutical company focused on transforming the lives of patients with serious and rare diseases; Genmab, a biotechnology company that creates and develops differentiated antibody therapeutics for the treatment of cancer; and [Aequor](#), a global IT

consulting and workforce solutions company that specializes in staffing and recruitment for healthcare and the life science industry.

Their commitment to the success of the career fair demonstrated their dedication to fostering talent in the life science industry. "Our sponsors played an instrumental role in making this event such a success," Masterson added. "We are grateful to Novo Nordisk, Insmmed, Genmab, and Aequor for their invaluable support as sponsors."

This year's career fair featured a wide array of employers from across the life science sectors, including pharmaceutical, biotechnology, medical device, and research organizations. Attendees had the opportunity to engage with these industry leaders, learn about job openings, and network with professionals who are at the forefront of life science innovation.

Employers, on the other hand, had the chance to meet potential candidates who not only met the rigorous qualification criteria but also demonstrated a deep commitment to advancing the life science industry. This created a highly productive environment for meaningful networking and recruitment.

HireLifeScience.com looks forward to building on the success of the 2023 Career Fair in New Jersey and continuing to serve as a premier resource for connecting talented professionals with leading life science employers. [The next 2023 Career Fair event](#) will be held at Hynes Convention Center in Boston, MA on November 2, 2023, from 11:00 am to 4:00 pm.
