

# Vizzn has been honored with two prestigious awards in recognition of its outstanding heavy civil construction software

*The Top 10 Construction Tech Solutions Providers in Canada for 2023 presented to Vizzn by the Construction Tech Review during their annual awards presentation.*

CALGARY, ALBERTA, CANADA, October 24, 2023 /EINPresswire.com/ -- Vizzn is thrilled to announce that it has been honored with two prestigious awards in recognition of its outstanding [heavy civil construction software](#). The Top 10 Construction Tech Solutions Providers in Canada for 2023 was presented to Vizzn by the Construction Tech Review during their annual awards presentation.

This award is a testament to Vizzn's unwavering commitment to innovation and excellence in the construction

industry. It acknowledges the exceptional performance of Vizzn's construction software, which has consistently demonstrated its value and impact for the heavy civil construction industry.

Vizzn's construction software is a cutting-edge solution designed to streamline construction project management, enhance collaboration, and improve overall efficiency. With a user-friendly interface and powerful features, including dispatching, scheduling, interactive mapping, trucking statistics, mobile tracking, site directions, safety, and quality control.

"We are immensely proud to receive this award for our construction software," said Vizzn CEO, Bill Borger. "The recognition as top technology provider for the heavy construction industry is a testament to the hard work and dedication of our team, who have consistently pushed the boundaries of innovation to deliver the best possible solutions for our clients."

Vizzn was also awarded as one of the “Top Construction Technology Firms™” of 2023 by [Construction Executive](#). Now in its 20th year of publication, Construction Executive is the leading trade magazine about the business of construction. In its September/October 2023 issue, CE published a comprehensive list of the Top Construction Technology Firms™ that includes Vizzn as an award-winning software program – focusing on our industry leading project management, collaboration and scheduling features.

These prestigious awards reflect Vizzn's ongoing commitment to excellence and innovation in the construction software market. It serves as a testament to our dedication to delivering high-quality solutions that help civil construction professionals overcome challenges and achieve exceptional results.

For more information about Vizzn's award-winning construction software and how it can benefit your construction projects, please visit [www.vizznsoftware.com](http://www.vizznsoftware.com) or contact Craig Fuss at 833-698-4996.

About Vizzn: Vizzn is a suite of highly innovative software solutions for the heavy construction industry. Vizzn's project management tools assist with everything from estimating, dispatching, scheduling, job-site logistics, construction management, safety, truck statistics, extra billings, environmental and quality control; that can be used together or as a stand-alone solution.

This is a testament to the work and dedication of our team, who have consistently pushed the boundaries of innovation to deliver the best possible solutions for our heavy construction industry clients”

*Vizzn CEO, Bill Borger*
