

JollyCo Widens Jolly Battle Universe And Announces a New Family-Friendly VR Game

A new VR game by JollyCo company, primarily known for its family-friendly casual mobile games, has recently had an open demo on Steam.

USA, October 24, 2023

/EINPresswire.com/ -- The original idea was born out of a desire to create a FPS that would be suitable for people of different ages. To combine this genre and the urge to satisfy the needs of every player, the Sugar Mess - Let's Play Jolly Battle creators decided to turn to the universe of their family-friendly first games. Thus Sugar Prince, the robot-baker and other sweet consequences were born.

From the very beginning of the game, users find themselves in the hub, which is the room of Sugar Prince. With the help of an interactive book, he tells his story. There is a place for friendship, ambitions, betrayal and the fight for their goals. Behind the screen of incredibly attractive and colorful illustrations there is a deep idea that can make players ponder the meaning of life and what real friendship is about.

There are ten thematic levels, four main mechanics and two bosses in the game. Users are encouraged to test their accuracy in different game locations. But vision and accuracy are not the only skills that can be developed. Whether it is an adult or a teen who loves puzzles that challenge attentiveness and intelligence, this game is definitely for them. And, perhaps, one of the enjoyable parts of the process are the rhythmic levels.

Sugar Mess - Let's Play Jolly Battle: family-friendly FPS Demo Available on Steam

Sugar Mess - Let's Play Jolly Battle: Fend Off the Attacks of Hilarious Cookie-Shaped Enemies

For now Sugar Mess - Let's Play Jolly Battle is available on [Meta Quest](#) and Rift. The JollyCo company tries to give as many opportunities for users as it is possible, so there would be a variety of devices to play this VR game. Also, the open demo of Sugar Mess - Let's Play Jolly Battle is available on [Steam](#), as well as the game is available for wishlisting.

Sugar Mess - Let's Play Jolly Battle: Take Part in a Fun Rhythmic Challenge

[JollyCo company's](#) head office is in Saint Augustine, Florida. If once it all started with the idea of developing casual mobile games for the whole family, now the company is developing games of different genres for different devices. At the moment, the team has three games for mobile devices and a VR game that comes from the universe of casual games.
