

Kokomo24/7® Partners with KoolSpan to Enhance Enterprise Instant Communication Security

The security of the Kokomo Platform will be further strengthened by KoolSpan's end-to-end, NIST-certified FIPS 140-2 encryption.

CHICAGO, ILLINOIS, UNITED STATES, October 24, 2023 /EINPresswire.com/ -- With a heightened emphasis on secure communications in the face of today's landscape of frequent cyberattacks, [Kokomo24/7® announced today that it will partner with KoolSpan](#), a global leader in secure communications.

Kokomo24/7®, a leading health and safety software company, provides an agile, cloud-based platform that helps organizations better manage their data, and mitigate health and safety risks. KoolSpan's technology will intrinsically offer Kokomo users protection from cyberattacks, and keep their data and communications encrypted to NIST standards in an airtight "dome" of security.

“

I'm proud that the Kokomo24/7® platform has leading communication encryption, and current and future clients will benefit from this enhanced security.”

Daniel Lee

The KoolSpan TrustCall Dome protects end-to-end encrypted communication making it impenetrable for malware. TrustCall mitigates all risks associated with web-connected devices including hacking and spying. The technology leverages military-grade encryption, is certified by the U.S. government (NIST), and is validated to protect communications, including video conferencing and file sharing, from falling into the wrong hands.

Kokomo24/7® has always prioritized the security and privacy of its clients' data. [This partnership](#) is a

reinforcement of that commitment and an important step forward in the development of Kokomo's safety products.

Daniel Lee, founder of Kokomo24/7[®], said, "Partnerships like this one combine cutting-edge innovations into one product. I'm proud that the Kokomo24/7[®] platform has leading communication encryption, and current and future clients will benefit from this enhanced security."

Kokomo's health and safety software platform is trusted by Fortune 1000 corporations and major public-sector organizations like the Los Angeles Unified School District.

Using KoolSpan's state-of-the-art technology as underlying framework, everything from shared files to user data to video chats will be completely protected by five layers of security, allowing Kokomo users to continue fostering safer spaces with more security and privacy than ever before.

Kokomo's suite of communications solutions such as the instant notification system allows organizations to send personalized email, text, and voice messages before, during, and after an emergency, keeping communities safe and informed during a crisis.

By collaborating with industry partners to improve data security, Kokomo24/7[®] continues to ensure its software platform handles health data, security reports, sensitive information, and more in compliance with relevant regulations and data protection laws.

More information about the partnership can be found at go.kokomo247.com/kokomo-koolspan-partnership.

About Kokomo24/7[®]: Kokomo24/7[®] is a leader in compliance and risk management solutions for all things health and safety and was founded in 2018. Our mission is to deliver highly effective, easy-to-use, and trusted compliance and safety solutions that bridge the gap between public safety and technology. We proudly serve schools, workplaces, and communities, by helping implement their health, safety, and wellness initiatives.

About KoolSpan: KoolSpan is a leading provider of secure mobile communication solutions that enable businesses and organizations to communicate securely and privately on mobile devices. The company's solutions are built to meet the strictest security standards and are trusted by some of the world's largest organizations. KoolSpan is headquartered in Bethesda, Maryland, with offices in Europe and Asia, and owns 42 patents issued in the U.S. and globally.
