Unlocking a Life of Fulfillment and Harmony

Conscious Living offers keys to happier relationships, enhanced self-efficacy, and an elevated quality of life. Sri Preethaji's teachings emphasize that human experiences are rooted in either a suffering state or a beautiful state, with no intermediary. The choice of state significantly impacts one's life experience, influencing decisions, choices, actions, and their subsequent consequences.

The Conscious Living Experience

The event comprises three main components:

1. Wisdom Talk: insights into consciousness and spiritual tools for today's challenges and issues.
2. Meditation: dynamic group meditation with shared intentions and inner connections.
3. Deeksha: sacred transmission of energy for spiritual growth and higher consciousness.

Praise for Sri Preethaji's Teachings

Usher Raymond IV, Singer, Songwriter, Dancer, and Actor, states, "I wish I had learned about living in a beautiful state earlier in my life as it is a transformational practice."

Arianna Huffington, Founder of HuffPost and Thrive, observes, "Sri Preethaji channels ancient wisdom into modern truths, guiding us to let go of burdens and forge genuine connections within ourselves and with others."

Entry Into Conscious Living

This workshop is perfectly tailored for both newcomers to spiritual practices and seasoned practitioners. This event promises not only inspiration and transformation but a profound shift towards a life of grace and fulfillment.
