Nestled along the picturesque Biscayne Bay is the Miami Marriott Biscayne Bay hotel, which stands as a beacon of luxury and leisure in the heart of Miami. Offering a stellar downtown waterfront location, unparalleled views and an array of thoughtful amenities, this hotel is a gateway to a world of relaxation and revelry.

Situated in the heart of the bustling Magic City, Miami Marriott Biscayne Bay has graced the iconic skyline of this world-renowned destination for over 40 years. The property is an oasis of tranquility amidst the vibrant backdrop of Miami. Its ideal location right along the water allows guests to immerse themselves in the beauty of Biscayne Bay, while staying just minutes away from the city's bustling entertainment and cultural districts. In fact, the hotel is within close proximity to Broadway performances, world-class museums, art galleries and an abundance of shopping and dining options.

In connection with the bay waterway, which is near Biscayne National Park (America's only submerged national park), the hotel's downtown locale is optimal not only for the region's famed culture and nightlife, but also for biking enthusiasts, boating and watersports, swimming and

nearly anything else offering fun under the South Florida sun.

But, it's the stay, itself, that's sure to make memories that endure. With over 600 spacious and stylishly-appointed guest rooms, the refreshed Marriott Biscayne Bay ensures a comfortable stay for visitors—be they families, couples, guy or girl groups, business and solo travelers, eventgoers and whomever else covets customer service-forward hospitality. The remodeled guest rooms and suites boast a vibrant oceanic design, with each featuring views of Biscayne Bay and the surrounding cityscape. Many accommodations options do also include a private balcony. No matter which you choose, each room is designed to cater to both leisure and business travelers with plush bedding and an array of modern creature comforts.

Culinary and spirits experiences are another highlight at this particular Marriott hotel. The new Gold Coast Kitchen + Cocktails, located on the lower level facing the bay, features a bright, Streamline Moderne-inspired design with Art Deco influences throughout. With both indoor and outdoor patio seating available, the eatery features a thoughtful menu of coastal cuisine using locally-sourced ingredients. Complementing the culinary experience, the restaurant also offers a unique variety of craft cocktails with a focus on rum and mezcal creations, as well as a wide selection of wines, champagne and a robust beer list. This includes a selection dedicated to IPAs sourced from local breweries.

As part of the extensive renovation, Miami Marriott Biscayne Bay now offers guests access to downtown Miami's first M Club—a brand signature at Marriott Hotels properties globally. With panoramic bay views, the space serves complimentary refreshments, breakfast buffet, light bites and hors d'oeuvres in the evening. There are also private workspaces and dining areas. M Club is available to Marriott Bonvoy Platinum, Titanium and Ambassador members, and is also available for guests interested in upgrading their stay to include this particular amenity.

In addition to serving guests from around the world, Miami Marriott Biscayne Bay is also well-suited for hosting conferences, business meetings, weddings and other special events with over 20,846 square feet of adaptable rental space to accommodate a wide range of experiences. Business travelers will appreciate the hotel's comprehensive meeting and event spaces, great for conferences and seminars, complete with cutting-edge technology and adaptable setups.

Amid the property's recent completion of its large-scale, multi-million-dollar renovation, I connected with Miami Marriott Biscayne Bay General Manager Julissa Kepner to discuss what was involved in the comprehensive overhaul. Here's a bit of that conversation.
