

MyOr Diagnostics Wins Prestigious BNEW Prize for Best New Health Startup

MyOr Diagnostics, dedicated to revolutionizing pediatric healthcare, is honored to have been awarded the BNEW Prize for Best New Health Startup.

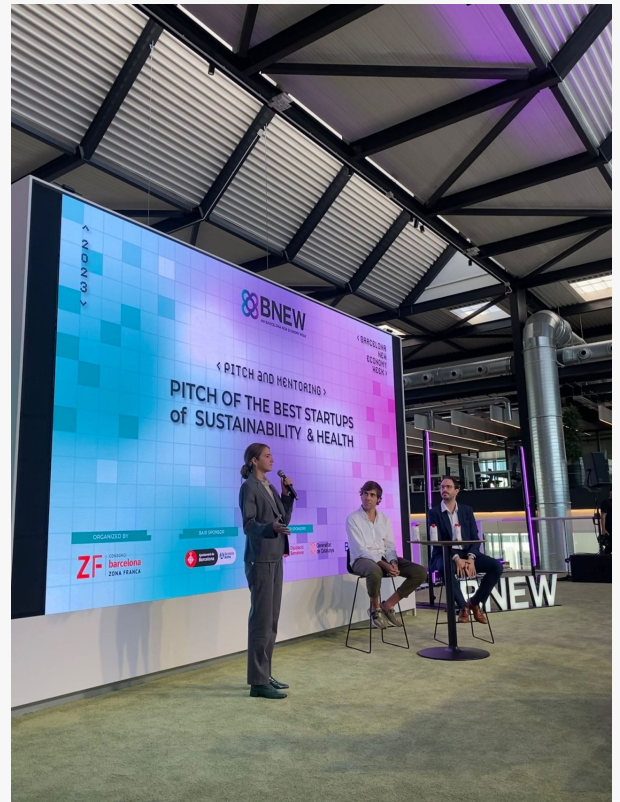

BARCELONA, SPAIN, October 25, 2023

/EINPresswire.com/ -- [MyOr Diagnostics](#), a groundbreaking health startup dedicated to revolutionizing pediatric healthcare, is honored to announce that it has been awarded the BNEW Prize for Best New Health Startup at the recent [Barcelona New Economy Week \(BNEW\)](#) event.

MyOr Diagnostics participated in BNEW, a prominent international business event, where it presented its lead product, MyorCare, to esteemed professionals, investors, and fellow innovators. The company's innovative approach to preventative health captured the attention of a distinguished audience and investors at the event, solidifying its position as an emerging leader in the industry. This prestigious recognition highlights the company's commitment to deliver cutting-edge solutions that have the potential to transform healthcare and improve lives.

During the event, MyOr was approached by other startups, industry leaders, and investors, further solidifying its place within the global health tech ecosystem. The exposure and connections established at BNEW will undoubtedly propel MyOr Diagnostics in its mission. The BNEW Prize for Best New Health Startup is a testament to MyOr's unwavering dedication to enhancing food allergy and eczema prevention through state-of-the-art predictive analytics and AI technologies that provide accurate early detection and preventative strategies for a wide range of health conditions.

"MyOr Diagnostics is honored to receive the BNEW Prize for Best New Health Startup. This recognition motivates us to continue pushing the boundaries of health diagnostics, delivering
