

# Blue Bamboo Bistro Introduces Newest Upgraded Robot Employee, Boeey

JACKSONVILLE, FLORIDA, UNITED STATES, October 24, 2023

[/EINPresswire.com/](#) -- [Blue Bamboo Canton Bistro](#), a popular, award-winning restaurant in Jacksonville, FL, is proud to announce the launch of their newest robot employee, Boeey. This robot is an upgrade from their previous robot employee they "hired" in 2022, and comes with new features for a seamless dining experience.

"We are so excited to introduce the new and improved Boeey to our dine-in customers," said Blue Bamboo General Manager, Tina York. "Boeey helps ensure our servers can spend more time at their tables and be even more attentive to the needs of our guests, while being assured guests' meals will arrive in the most efficient manner possible."

Boeey is the latest version of the Servi Plus robot from Bear Robotics, and is equipped with a fourth tray and larger trays, allowing for more plates to be served. The trays also have smart technology, lighting up when food is placed on them. In addition, the new robot is much sturdier than all previous versions.

"We are always working on ways to improve our guests' experience when dining with us," said owner, Chef Dennis Chan. "With all the love we got for our previous robot, we are confident the new, upgraded version will help elevate the dining experience at Blue Bamboo even more."

Boeey is not only equipped with the latest technology, but also has messaging on the top and lighting on the bottom. This allows customers to be informed of the robot's presence and to be aware of its movements. [Book your table](#) now to come visit Boeey at Blue Bamboo for lunch or dinner or check out one of the many [culinary events](#) Blue Bamboo has to offer such as Dim Sum

Sundays, cooking classes or their new Asian Adventure Dinner Series.

With all the love we got for our previous robot, we are confident the new, upgraded version will help elevate the dining experience at Blue Bamboo even more.”
