

# RB Consulting, Inc. joins the VA Academic Intelligent Automation (IA) Community of Practice (CoP) as newest member

*America's only state Academic Intelligent Automation (IA) Community of Practice continues to grow, with RB Consulting, Inc., joining as newest member*

ARLINGTON , VA, US, October 24, 2023

/EINPresswire.com/ -- The Virginia Academic IA Community of Practice (CoP) and RB Consulting, Inc. ("[RBCI](#)") have entered a strategic partnership to

further advance the CoP's mission to assist the Commonwealth Private and Public Colleges, Universities, and federal government agencies become more effective and efficient. RBCI is a Service-Disabled Veteran-Owned Small Business (SDVOSB) providing information technology (IT) services, IT solutions, and professional services for federal agency clients throughout the federal health sector.

“

“RBCI looks forward to engaging in this exciting new partnership and collaborating with the CoP. We are eager to share RBCI's knowledge of software/process automation, and technology solutioning.”

*Mariela Unangst's, Director  
Enterprise Applications*

This partnership will allow both to combine their unique strengths and expertise to create an even more successful path into the future of automation and further enhance and deliver student experiences and mentorships. “We founded the CoP with the belief that collaboration between the academic, public and private sectors could solve the most pressing problems of today's higher education institutions” said Dr. David K. Rehr, co-Director of the VA Academic IA CoP and a Professor at GMU. “We are delighted to be partnering with RBCI with their thought leadership and 'hands-on' experience and commitment,

especially as our reach continues to grow.”

The Virginia Academic Intelligent Automation (IA) Community of Practice (CoP) helps public and private Virginia Colleges and Universities become acquainted, educated, and learn the power of intelligent automation and how it can benefit institutions of higher learning be more effective

and efficient, toward building higher levels of student experience. RBCI enables organizations to accomplish their missions and objectives by providing exceptional management, innovative and technological solutions that deliver practical and key performance results for their clients. RBCI enables organizations to accomplish their missions and objectives.

"RBCI looks forward to engaging in this exciting new partnership and collaborating with the CoP. We are eager to share RBCI's knowledge of software/process automation, technology solutioning, and our excitement to provide mentorship opportunities for students with a passion for future technology careers. We can provide deep industry knowledge and expertise with our own innovative solutions to build a clear path for better communities and our clients." said Mariela Unangst's (Director Enterprise Applications/RPA COE).

"We are confident that partnering with RBCI's expertise will help guide our strategic initiatives for the Virginia's higher education ecosystem and enhance student opportunities" said, Dorin Munteanu, co-director of the VA Academic IA CoP. He added," their collaboration-driven philosophy and commitment to advancing intelligent automation makes it the ideal partner and we'll be propelling forward CoP's mission as a whole and inspire others."
