[Uplist SmartView™ Flyers](#) are a modern alternative to traditional static listing flyers. The platform's unique suite of features eliminates the need for loan officers and assistants to spend time on mundane tasks like constantly updating rate and payment information for active listings. Instead, they can focus on what truly matters: prospecting, building relationships with business partners and closing deals. As a bonus, real estate agents appreciate the platform's ability to

instantly show homebuyers and sellers the benefit of using seller credits to lower the interest rate instead of the asking price.

"Our platform is designed to modernize real estate marketing for mortgage loan officers, which has long been plagued by outdated methods and inefficiencies. Uplist is here to change that narrative. We believe it is the ultimate relationship builder between loan officers and listing agents. In a challenging market, this is exactly the kind of innovation that can set savvy loan officers apart," said Ben Smidt, Chief Marketing Officer for Uplist.

The advertisement features a dark blue background with a white chevron pattern. A blue 'Learn More' button is positioned below the text. On the right, there is a smartphone displaying a mobile app interface with various data points and a QR code. Next to the phone is a printed document titled 'HOME RATES AND PAYMENTS' with a QR code and a bar chart at the bottom. The entire graphic is set against a white background.
