

Splashgain Launches Innovative Career Path Assessment Tests for Schools

In today's world of endless career options, Eklavya.com's Career Path Assessment becomes your guiding star. Delve into six pivotal personality traits.

PUNE, MAHARASHTRA, INDIA, October 25, 2023 /EINPresswire.com/ -- [Splashgain](#) Technology

Solutions Pvt. Ltd., Pune based leading provider of EdTech solutions, is pleased to announce the launch of career path assessment (CPA) tests on its flagship assessment platform, [Eklavya.com](#).

“

Empowering schools with CPA to guide students' career choices. Understand strengths, make informed decisions, and build successful paths. Your future awaits!”

Samir Kamat

The content for the assessment is expertly crafted by TouchStone TestCloud, a trusted name in the field of educational content development.

In an era where students are faced with an array of career choices, it has become imperative to help them identify

their strengths and weaknesses in a scientific manner. The CPA tests provided by Splashgain evaluate six key personality traits, including practicality, creativity, analytical ability, socialization ability, entrepreneurial ability, and customary abilities. These traits are crucial in helping students gain a deeper insight into their strengths and preferences, paving the way for informed decisions about their academic and career paths.

The detailed report provided by [CPA test](#), suggesting suitable job options based on the students' profiles, should help the students and their parents in career planning and decision-making.

Samir Kamat, CEO of Splashgain, expressed his enthusiasm about the launch, stating, "Career planning plays a vital role in student and their parent's life leading towards the successful career paths. With the CPA offering, we aim to empower schools to conduct these assessments for their students, helping the students understand their respective preferences, strengths, and weaknesses. An informed decision should lead to making right choices in the life of the students."

Shwetank Upadhyay, President of TouchStone TestCloud, expressed strong confidence in the transformative potential of the Career Path Assessment tool during a recent announcement. He

believes that this tool will provide invaluable guidance to users as they navigate their career choices.

"Our vision is to empower individuals to make informed decisions about their career trajectories," Ruchi Dwivedi, Director TouchStone stated. "The Career Path Assessment is not just a tool; it's a compass that points users in the direction that aligns with their strengths, passions, and aspirations."

TouchStone TestCloud found its ideal collaborator in Splashgain's Eklavya.com, a renowned platform known for its global presence and a stellar track record in the assessment domain. With experience spanning 17 countries and having successfully conducted over 30 million assessments worldwide, Eklavya.com stands out as a leader in the field.

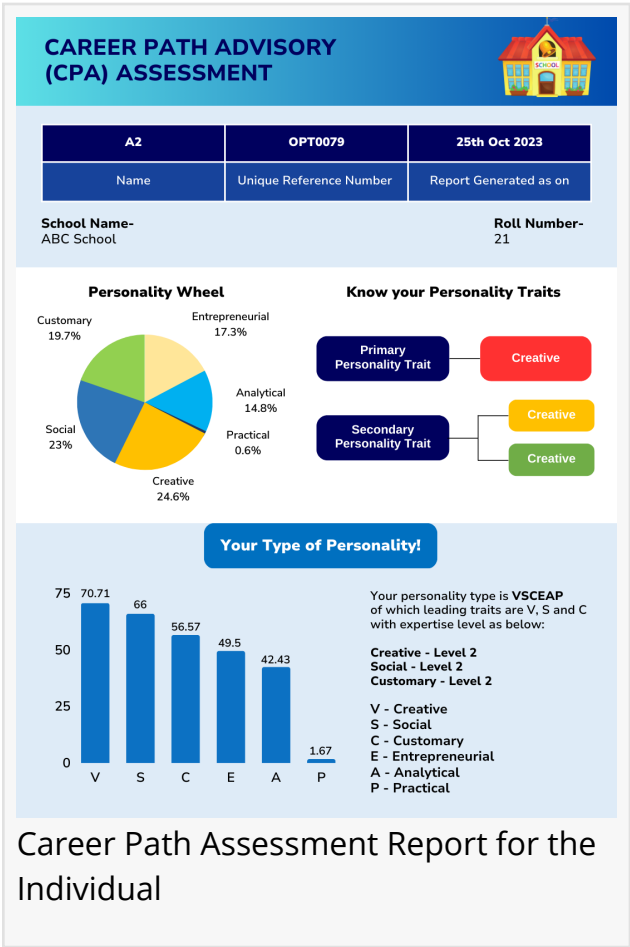

About Splashgain.com:

Splashgain, through its pioneering platform Eklavya.com, has significantly impacted the educational landscape by successfully conducting over 30 million assessments across more than 17 countries. The platform has been enthusiastically embraced by a multitude of universities, educational institutions, corporate customers of global reputation and examination authorities, all seeking to simplify and automate both online and offline assessment processes.

The robust and flexible functionalities of Eklavya.com have not only streamlined assessment management but have also earned widespread acclaim from subject matter experts, education management professionals and HR / L&D Managers of various large corporations alike. Its capacity to enhance the integrity and efficiency of assessments reflects Splashgain's continuous endeavor to foster a more accessible and technologically adept educational environment globally. This milestone not only underscores Splashgain's technological prowess but also its unwavering commitment to elevating educational standards and practices worldwide.
