“The culture at Blue Raven Solar has been a top priority since our founding,” says Kallen Konen, Senior Director of People and Talent. “Our values highlight a high-trust environment, empowering others, and promoting individual development which helps our employees and in turn helps our customers.”

The list is based solely on employee feedback gathered

through a third-party survey administered by employee engagement technology partner [Energage](#), LLC. The confidential survey uniquely measures 15 culture drivers that are critical to the success of any organization, including alignment, execution, connection, and more.

“Earning a Top Workplaces award is a badge of honor for companies, especially because it comes authentically from their employees,” said Eric Rubino, Energage CEO. “That’s something to be proud of. In today’s market, leaders must ensure they’re allowing employees to have a voice and be heard. That’s paramount. Top Workplaces do this, and it pays dividends.”
