

# Global Aviation Crew Management System Market Anticipated to Reach \$3.16 Billion by 2027, Demonstrating a CAGR of 9.8%

*The Business Research Company's Aviation Crew Management System Global Market Report 2023 – Market Size, Trends, And Forecast 2023-2027*

LONDON, GREATER LONDON, UK, October 30, 2023 /EINPresswire.com/ --

The global [aviation crew management system market](#), currently valued at \$1.95 billion in 2022, is forecasted to hit \$2.17 billion in 2023, indicating an

impressive 11% compound annual growth rate (CAGR). Nevertheless, the market's trajectory has been disrupted by the Russia-Ukraine conflict, causing economic sanctions, commodity price surges, and supply chain disturbances that have led to inflation across sectors globally. Despite these challenges, the aviation crew management system market is expected to scale further,

reaching \$3.16 billion by 2027, reflecting a steady CAGR of 9.8%.

The aviation crew management system market is expected to reach \$3.16 billion in 2027 at a CAGR of 9.8%”

## Navigating Air Traffic Growth: Driving Market Expansion

The surge in air traffic has become a pivotal driver for the aviation crew management system market, necessitating efficient systems to manage crew members, schedules, qualifications, and compliance. These systems are crucial for optimizing staff utilization, enhancing operational

efficiency, and ensuring regulatory compliance amidst the rapid growth of air travel. Notably, statistics from the Bureau of Transportation Statistics underline the substantial increase in air travel, emphasizing the critical role of aviation crew management systems in supporting the growing demands of the aviation industry.

## Market Segmentation and Key Players

- Solution: Hardware, Software, Services

- Device: Smartphones, Personal Computers, Tablets
- Deployment: Cloud, Server-Based
- Application: Crew Planning, Crew Services, Crew Operations, Crew Training, Other Applications

Prominent players driving advancements and innovation in the aviation crew management system market include Lufthansa Systems AG, Fujitsu Limited, The Boeing Company, Sabre Corporation, and NAVBLUE, among others. These industry leaders are actively engaged in product innovation and strategic acquisitions, bolstering their market presence and offering cutting-edge solutions and services to the aviation sector.
