

# Global Commercial Vehicle Telematics Market Projected to Reach \$84.83 Billion by 2027, Growing at a CAGR of 13.8%

*The Business Research Company's global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032*

LONDON, GREATER LONDON , UK, October 30, 2023 /EINPresswire.com/ -- The [global commercial vehicle telematics market](#) is set to undergo significant expansion, with a projected rise from \$42.38 billion in 2022 to

\$50.64 billion in 2023, at an impressive compound annual growth rate (CAGR) of 19.5%. Despite challenges posed by the ongoing Russia-Ukraine conflict and the persistent effects of the COVID-19 pandemic, the market is poised to achieve a substantial valuation of \$84.83 billion by 2027.

This growth is attributed to the surging demand for electric vehicles (EVs) and the consistent adoption of innovative telematics solutions and services across various sectors, including transportation and logistics, government and utilities, and construction.
