

ProAct Safety CEO Presented Opening Keynote at Washington Governor's Industrial Safety and Health Conference

Galloway's session, based on his new book, focused on getting from compliance to sustainable safety excellence.

HOUSTON, TX, USA, November 1, 2023 /EINPresswire.com/ -- ProAct Safety, a recognized pioneer of safety excellence strategies, announced its CEO, Shawn M. Galloway, led the opening keynote "[Bridge to Excellence: Building Capacity for Sustainable Performance](#)" on September 27th at the [Washington Governor's ISH Conference](#).

Based on the new best-selling book, Bridge to Excellence, this keynote highlights the five capacities required for safety excellence and explores how they synergize to produce excellent, sustainable results. As we move from a "have-to" to a "want-to" culture, from compliance to culture, or from good to great, visual models are critical tools that allow leaders to identify precisely where they are, where they want to go, and what to focus on to get there. Since 2008, the Bridge to Safety Excellence model has been a visual representation thousands of organizations have leveraged to convey the precise elements to be addressed, to close the gap between compliance and culture, and to discover where they are on the path to sustainable excellence. Join this session to explore where you and your organization are, and learn how to address each component, step by step, as you progress toward excellence.
