The Quito Cable Car is an experience for everyone.

Quito, the Capital at the Middle of the World, is the closest city to the sun and the only place where it is possible to stand with one foot in each hemisphere. This city, declared the First Cultural Heritage of Humanity thanks to its Historic centre, mixes the pre-Hispanic, colonial, traditional and modern.

Quito is also a place for adventure. This equatorial city is the start of the Avenue of Volcanoes, or you can visit the Andean Chocó, home to the spectacled bear and thousands of bird species.

It is also the gateway to the four worlds of Ecuador: Galapagos, Pacific Coast, Andes and Amazon. Quito has a unique cuisine that fuses ancestral knowledge and flavours with avant-garde proposals that conquer the palates of those who try it.
