

Ramalho Tree Service Celebrates Strong Partnership with Tree Leads Today (TLT)

OCEANSIDE, NEW YORK, USA, November 2, 2023 /EINPresswire.com/ -- John Ramalho Tree Service, a three-generation, family-operated business with over 60 years of experience in the tree care industry, is excited to announce its enduring and thriving partnership with Tree Leads Today (TLT). This partnership has led to significant growth and numerous benefits for the company over the past few years.

John Ramalho, the owner of Ramalho Tree Service, proudly stated, " We are a 3-generation family-operated business, with over 60 years of experience in the tree industry. We take great pride in our experience, expertise, quality, and customer service that we provide to meet the consumers' needs. It is our mission to provide excellent workmanship and complete customer satisfaction from the start to completion of a project. Our reputation is based on service, safety, and quality, regardless of how large or small the job!"

Ramalho Tree Service, located in Oceanside, NY 11572, specializes in various tree services, including removals, pruning, elevation, stump removal, land clearing, brush cutting, and firewood sales. Their commitment to safety, quality, and efficient service has earned them a remarkable reputation in Nassau County.

The partnership between Ramalho Tree Service and Tree Leads Today has been instrumental in the company's growth. John Ramalho noted, "Our business has grown exponentially since we started working with Tree Leads Today. Exclusive leads from TLT has solidified our presence in our community and given us a much higher close rate on our estimates. When the customer is calling us for our services, it tends to be a better outcome for the flow of the job."

When asked about their preference for phone calls versus all forms of leads, John Ramalho expressed his preference for direct communication, saying, "We like phone calls because they allow for more personal and direct interaction with potential customers. It enables us to

understand their needs better and provide a prompt response."

One of the key advantages of partnering with TLT is geo-targeting, which has made their estimators more efficient. The ability to target leads in specific areas has allowed Ramalho Tree Service to streamline its operations. This improved efficiency is also due to jobs being closer in proximity, which reduces travel time and costs.

For over 60 years, John Ramalho Tree Service has been dedicated to serving Nassau County with top-quality tree care services. Their partnership with Tree Leads Today has enabled them to expand their reach and serve more customers efficiently.
