The key is in the details, which in this case are focused on a sophisticated experience where patrons can opt for an all-inclusive or European plan. Its 80 Deluxe rooms and suites facing the sea are witnesses to the most enigmatic sunsets of the beautiful Puerto de Vallarta.

Having a privileged location very close to the center and attractions of Puerto Vallarta, it allows by walking from the hotel, to enjoy various activities in the area that are interesting for both national and international tourists who are visiting for the first time or are returning visitors. Here are some of the recommendations:

Walk along the Malecon of Puerto Vallarta

Considered the quintessential meeting point, the Malecón is dotted with sculptures by renowned artists, art galleries, crafts, shops, bars and restaurants.

Along this iconic walkway of almost a kilometer, which extends from the oldest hotel in the city

founded in 1948 to the Cuale River, there are outdoor shows and artistic expressions such as the Los Arcos amphitheater; restaurants serving local and international cuisine that offer spectacular views of the Pacific, as well as the symbolic sunsets of Puerto Vallarta. At night, the boardwalk dresses up giving way to a wide variety of bars and clubs for dancing until sunrise.

Visit the Parish and Museum of Our Lady of Guadalupe

Home of the most important religious celebrations in the city (Guadalupe festivals) and an icon of Puerto Vallarta, it also has a Parish Museum with various rooms, where sacred art, photographs, historical objects and documents and temporary exhibitions are exhibited. It has guided tours for donation (from 10:00 am to 7:00 pm), where it is possible to see inside the main tower and the bell tower, from here you have an unparalleled view of the bay.

Walk to the Matamoras Lighthouse

With a 15 to 20-minute walk from Villa Premiere, located in the upper part of Downtown Puerto Vallarta, is the old lighthouse on Matamoras Street. This offers beautiful panoramic views of the Parish of Our Lady of Guadalupe, the old town and the picturesque set of white houses with terracotta-colored roofs characteristic of the city. The lighthouse was built in 1932 and for more than 40 years it was in charge of guiding all the ships that arrived at Banderas Bay to safe port. In 1978 it stopped working and it was not until 2006, when it was rescued and reopened to the public.
