Anniversary 10 years

member of three labor unions, and I really enjoyed Daniel P Quinn's collection of poems, *Organized Labor*. Mr. Quinn's use of language and imagery paints a picture of an era that hardly exists anymore. His poems also touch on topics that we all face today in an ever-changing global society. If you like poems that are alive with truth and deep emotional observation, you will enjoy the poems of this man who sees the world in a highly unique fashion". Review by Davidson Garrett.
