

La Sierra Tree Service: Growing Strong in Ohio's Tree Care Industry

PICKERINGTON, OHIO, USA, October 31, 2023 /EINPresswire.com/ -- La Sierra Tree Service, an Ohio-based tree care and removal business, has witnessed remarkable growth and success thanks to their partnership with Tree Leads Today (TLT), a leading marketing company specializing in providing exclusive leads to tree care and removal businesses.

Founded and managed by Sahit Soto, La Sierra Tree Service is located at 35 East Columbus St, Pickerington, Ohio, serving several towns and counties, including Carroll, Fairfield, Lancaster, Millersport, Bremen, and Amanda. TLT's exclusive leads service has played a pivotal role in La Sierra Tree Service's journey to success.

Sahit Soto, the owner of La Sierra Tree Service, shared his experiences with TLT: "It helped me achieve success faster. It also extended a helping hand during a difficult financial time when I started, and I will always be grateful for that."

Since partnering with TLT, La Sierra Tree Service has experienced an impressive growth rate of 100%. They have expanded from a team of two to a team of five, reflecting the increased demand for their services.

Soto attributes this significant growth to the exclusive leads provided by TLT. He stated, "TLT has no competition when it comes to generating exclusive leads; they are the best. What they do in the tree service business has a significant impact."

Soto first discovered TLT through a Google search, leading him to TLT's Facebook page. It was on

this platform that he saw a testimonial video from a fellow tree care business owner. Impressed by the positive feedback, Soto knew that TLT was the solution he needed to grow his business successfully.

With six years of experience in the tree care industry, Soto founded La Sierra Tree Service three years ago. He has seen the tremendous impact that TLT's geo-targeting feature has had on his business. Geo-targeting allows him to organize estimates more efficiently, enabling the company to cover more ground in less time while maintaining excellent customer service.

Soto emphasized the efficiency of having jobs close in proximity, stating, "It's easier for us to move from one job to another. What I do is offer them price and quality. I prefer not to rush through jobs and ensure that everything is perfect. We even clean up the sawdust in the yards."

La Sierra Tree Service also values phone calls as a means of communication with customers. Soto explained, "The main benefit of calls is that the customer is taking the time to call you, which means they are genuinely interested. It greatly facilitates organizing the estimates schedule."

TLT's exclusive tree care leads have not only helped La Sierra Tree Service increase their client base but also contributed to the growth of their positive reputation. The success story of La Sierra Tree Service demonstrates the importance of tree care marketing and the role of exclusive leads in the continued growth of local tree care businesses.
