MINNEAPOLIS, MINNESOTA, UNITED STATES, November 2, 2023 /EINPresswire.com/ -- The organizers of the 2024 Save&Raid charity event to raise awareness and funds for SAVE (Suicide Awareness Voices of Education) <https://save.org/> will participate in a global livestreaming event on Facebook this Saturday, November 4th at 4:30 p.m. CST.

SAVE Executive Director, Erich Mische, will host the livestream event on the SAVE Facebook page to discuss the origins of the 4 years charity event, the organizers interest in the issue of mental health and suicide prevention, and the planning and preparation that goes into the annual event.

To participate in the livestreaming event, go to the SAVE Facebook page at: <https://www.facebook.com/savevoicesofedu/>

Save&Raid, [www.saveandraid.org](http://www.saveandraid.org), a charity event held on the livestreaming site Twitch.tv, has started organizing for its 2024 event to raise money and awareness for SAVE (Suicide Awareness Voices of Education, [www.save.org](https://www.save.org)). In the previous three years, Save&Raid has raised over \$32,000 on behalf of SAVE to support suicide prevention.

Beginning Wednesday November 1st at 10am Pacific Time, Save&Raid will launch a global

community vote that will decide the series of games that will be played during Saturday, February 24th and Sunday, February 25th. The Save&Raid Team, comprised of volunteer streamers from the United States, Canada, and Europe, are excited to continue its support of SAVE.

“Save&Raid is a passion project of really dedicated volunteer streamers who have their own personal connection to the issue of mental health, suicide loss, and suicide prevention,” said Stijn van der Heide, one of the co-founders of the event. “As always, the first step is to decide which games will be streamed during the event and that is decided by a poll in which the Save&Raid community of streamers, donors and viewers votes for one of their favorite classic game series.”

After rigorous testing by the organization team to determine appropriate content, ease of playing on streaming platforms, and overall fit for the event, the upcoming vote will be between the following iconic franchises:

- Diablo (1 & 2)
- Half-Life (1 & 2, plus expansions)
- Monkey Island (1-4).

For SAVE, the impact of the efforts of Save&Raid go far beyond the money, says Executive Director Erich Mische.

“The opportunity to share our mission with people all over the world is truly a gift,” said Mische. “So, too, is the platform to share and discuss issues related to how to prevent suicide, support suicide loss survivors, and reduce the stigma attached to mental illness and suicide. The financial resources this event raises are incredible, but the awareness and education it affords us to share with potentially millions of people is priceless.”

Those who wish to be involved in choosing next year’s game should join the Save&Raid Discord server and cast their vote starting November 1st at 10am PDT. Voting will be open for two weeks, until November 15.
