

# Krannich Solar Announces Strategic Partnership with Mango Power

*Both parties to jointly serve the U.S. Solar market with home and portable energy solutions*

CITY OF INDUSTRY, CALIFORNIA, UNITED STATES, November 2, 2023 /EINPresswire.com/ -- Krannich Solar, one of the leading distributors of photovoltaics worldwide, has signed a partnership agreement with Mango

Power, a prominent renewable energy brand, to jointly serve the U.S. Solar market. Mango Power products will be offered through Krannich's domestic channels, enriching Krannich's product range with all-in-one whole-home backup energy solutions suitable for residential and commercial projects.

“

Krannich is known for its extensive and competitive approach in photovoltaic distribution. With this alliance, we look forward to achieving a higher reach of our products in the country”

*Steve Wang, CEO of Mango Power*

Industry-leading photovoltaic distributor Krannich Solar has entered into a strategic alliance with Mango Power, a prominent renewable energy brand, to jointly serve the U.S. Solar market. Mango Power products will be offered through Krannich's domestic channels, enriching Krannich's product range with all-in-one whole-home backup energy solutions suitable for residential and commercial projects.

“We pride ourselves on carrying the very best in Home Backup Solutions, and Mango Power certainly fits that bill,”

said Ean Kyler, CEO of Krannich Solar East. “Our customers will appreciate the advanced technology that Mango Power has brought to the home energy market.”

Krannich Solar, founded by Kurt Krannich as a family business in 1995, has quickly become one of the world's largest solar wholesalers and system design houses, designing high-performance photovoltaic arrays while supporting both trades people and major energy utilities. With branches in Texas, New Jersey, Florida and California, Krannich USA can service customers in all of America, Canada, the Bahamas, and the Caribbean.

Steve Wang, CEO of Mango Power, regards the partnership with Krannich as a pivotal milestone for expanding their distribution network, saying “Krannich is known for its extensive and competitive approach in photovoltaic distribution. With this alliance, we look forward to achieving a higher reach of our products in the country”.

Mango Power's flagship product, the Mango Power M, with a battery capacity range of 15-80kWh and an AC output range of 12-120kW, effortlessly supports all high-wattage appliances. It includes a hybrid Inverter, ATS, AGS, RSD Transmitter, and 2 Breakers, compatible with both existing and new installations of solar systems without requiring any extra boxes. With all accessories pre-built, Mango Power M can be installed in less than 4 hours. It uses best-in-class LFP battery technology from CATL, guaranteed to be safe with a 20-year lifespan and a 10-year warranty. It is truly a next-generation backup system.

On November 8, 2023, Krannich will host a webinar covering Mango Power M, transitioning from a product spotlight to installation expertise.
