

# BYOD Adoption Driving Growth in Web Real-Time Communication Market

*The Business Research Company's global market reports are now updated with the latest market sizing information for the year 2023 and forecasted to 2032*

LONDON, GREATER LONDON , UK,  
November 2, 2023 /EINPresswire.com/  
-- The [global web real-time communication market](#), estimated to reach \$8.85 billion in 2023 from \$6.06 billion in 2022, with a robust

compound annual growth rate (CAGR) of 46.0%, is poised for significant expansion. The surge in the adoption of Bring Your Own Device (BYOD) policies within organizations has emerged as a critical catalyst, fostering the uptake of web real-time communication solutions, facilitating seamless browser-to-browser connectivity without the need for additional plugins or utilities.
