

ESG Digital Assets Hosting Masterminds in Dubai during COP28

Technology Workshops + Thought Leader Discussions to Explore the Future of ESGs and Digital Assets happening during COP28

SHERIDAN, WY, USA, November 3, 2023

[/EINPresswire.com/](https://EINPresswire.com/) -- Taking place at In5 Media, Production City, Dubai, ESG Digital Assets will host a series of technology workshops and thought leader discussions on December 10th and 11th from 12 p.m. to 3 p.m. during COP28. The ESG Digital Assets event, will bring together industry experts and innovators to showcase and explore the potential of digital assets, smart contracts, and regenerative finance in funding ecological and societal improvements.

ESG Digital Assets COP28 Event in Dubai DEC 10th & 11th

The workshops and mastermind discussions will cover the tokenization of carbon credits, biodiversity, renewable energy certificates, and feature web3 ESG startups developing disruptive climate and biodiversity solutions. Attendees will learn from and connect with thought leaders, including Boone Bergsma, CEO of Blockchain Laboratories, Tom Kiddle, Co-Founder of Palisade, Jason Kaasovic, CEO of Web3 Renewables, and Jim Duggan, CEO of Intrinsic Methods.

"We believe that tokenization is the future of ESGs," said Boone Bergsma. "Digital assets and smart contracts have the potential to revolutionize the way we fund and drive positive change for the environment and society."

The event is free to attend, thanks to the generous support of sponsors. However, tickets are limited to 100 attendees, so interested individuals are encouraged to RSVP to secure their spot.

See how innovative technologies and responsible investment strategies can drive positive environmental, social, and governance outcomes. Contribute to the global conversation, share your insights, and participate in the solution.
