NASHVILLE, TENNESSEE, USA, November 6, 2023 /EINPresswire.com/ -- From the press room of [L-Strategies](#) - The official press of VFAF [Veterans for Trump](#). Veterans for America First aka Veterans for Trump is a proud sponsor of the John Fredericks bus tours.

The John Fredericks Media Network (JFMN), now the third largest independent News/Talk Radio Network in America, announces the launch of its newest radio affiliate, iconic WENO AM 760 in Nashville, TN, commencing a 6:00 AM EST on Monday, November 6, 2023. Rebranded as News/Talk AM 760 The Flame, WENO will be operated by the Fredericks Media Network while the final sale of the station and its license application is reviewed by the FCC, a process that normally takes about 90 days. The Nashville expansion comes on the heels of Fredericks' acquisition of two radio stations in the Pittsburgh, PA market earlier this year, branded as Pittsburgh News/Talk. The new Pittsburgh network includes WCNS AM 1480 and 107.5 FM and WXJX AM 910 and 98.7 FM.

"As our stations in Philadelphia have thrived and shown stunning growth, we thought it was critical to bookend the Commonwealth of Pennsylvania with Pittsburgh, giving us a robust reach in both dense population centers. We now offer listeners in Pittsburgh's Westmoreland County and Nashville, Tennessee an exciting news-talk alternative that breaths oxygen into a stale and boring ring of warmed over RINO syndicated hosts on the conservative news/talk syndication circuit. Our proprietary hosts cut through the nonsensical warmed over RNC talking points of the day to bring a fresh high energy, action oriented populist perspective. Our driving mantra of our

network is simple: “action, action, action” said morning radio and television talk show host John Fredericks.

“Our Nashville acquisition gives us a base of operations in the mid-south as we expand along the spine of the Atlantic coast. Nashville is a high growth city and an important cultural center of our movement. We will be competing there with the biggest talk station conglomerates in the nation, including Cumulus and I-Heart. We will offer Nashville listeners a dynamic alternative choice,” added Fredericks.

“Our combination of live talk and live major sports have built a very vibrant and loyal audience across our platforms.

Anne Fredericks, Chief Operating Officer of the network is the architect of building the privately held company from an obscure morning radio show in Norfolk, VA in 2012 to one of the nation’s leaders in the independent conservative talk industry.

“Our growth and success is based on a relentless desire to serve our listeners and our advertisers,” Anne Fredericks said.

“We will not be outworked and we pride ourselves on serving our advertisers and sponsors with integrity, exceptional service and results. We are in the advertiser ROI business, and that separates us from the much better funded competition. We operate on a dime, we are a very lean organization and we get results. The team that we assembled is the best in broadcast and we are blessed with exceptional associates that share our work ethic and our vision,” Ms. Fredericks added.
