

Clear Skies Ahead : Aircraft Windshield Wiper and Washer System Market Trends Forecast, 2020-2030

PORTLAND, OREGAON, UNITED STATES, November 6, 2023 /EINPresswire.com/ -- According to a new report published by Allied Market Research, titled, "[Aircraft Windshield Wiper and Washer System Market](#)," The [aircraft windshield wiper and washer system market size](#) was valued at \$86,525.60 thousand in 2020, and is estimated to reach \$129,937.70 thousand by 2030, growing at a CAGR of 4.2% from 2021 to 2030.

Presently, the global aircraft windshield wiper and washer system market is dominated by North America followed by Europe, Asia-Pacific, and LAMEA. In North America, the market is mainly driven by US owing to the optimistic market scenario for considerably air travel and aviation industry in the region. In Asia, India is foreseen to witness considerable growth in aircraft windshield wiper and washer system market during the forecast period.

The aircraft windshield wiper and washer system market is segmented on the basis of type, application type and region. By type segment the market is divided into line fit and retrofit. By application, the market is segmented into commercial aircraft, military aircraft and others. Region-wise, it is studied across North America, Europe, Asia-Pacific, and LAMEA.

Furthermore, factors such as rise in air traffic coupled with demand for new aircrafts, Increase in Maintenance, Repair, and Operations (MRO) activities, increasing military spending is expected to reinforce the new aircrafts demand, which further anticipated to propel the need for windshield wiper and washer system in near future. In addition, increase in need for safety & security boosts the market growth. However, growing inclination of alternatives such as hydrophobic coating, ice detection systems, and others could hinder the windshield wiper and washer system market growth. Moreover, growing inclination toward efficient windshield wiper and washer

systems with minimal drag are anticipated to provide remunerative opportunities for market expansion.

COVID-19-ஐ எதிர்க்கும் உலகமே

COVID-19 has presented the world with an unprecedented economic, humanitarian, and healthcare challenge. Lockdown measures have helped to contain the spread of coronavirus, but exacted an immense economic toll. On the business side, the aerospace sector is one of the considerably hit sectors.

Following the pattern witnessed in countries where COVID-19 spread earlier, lockdown measures and other restrictions have impacted the air travel.
