In 2022, TEAM ARNONE's unwavering commitment and the generous support of friends and family allowed them to raise over \$32,000 for the Pancreatic Cancer Action Network (PanCAN), earning the title of the #1 Fundraising team at PurpleStride Philadelphia. Since the first PurpleStride Philadelphia in 2007, TEAM ARNONE will have donated over \$265,000 to the Pancreatic Cancer Action Network. This remarkable achievement reinforces the impact that collective efforts can have in the fight against pancreatic cancer.

PanCAN, a 4-star charity founded in 1999, stands at the forefront of advancing research, offering crucial support to patients and caregivers, and advocating for a cure. The organization's comprehensive approach includes raising funds for direct private research and tirelessly advocating for increased federal research funding, accelerating progress in the prevention, diagnosis, and treatment of pancreatic cancer.

As the holiday season is a time for gratitude and giving thanks, TEAM ARNONE encourages everyone to reflect on the positive influence they can have by contributing to the fight against this devastating disease. Donations to TEAM ARNONE will help fund vital research and provide much-needed support to patients and their families, ultimately sowing the seeds of hope during the holiday season.

To participate in this heartwarming cause, consider donating through TEAM ARNONE's dedicated fundraising page: TEAM ARNONE's Donation Page. Your contribution, no matter the size, carries the power to make a meaningful impact.

For those who wish to get directly involved, sign up to walk or donate to a team member on the [TEAM ARNONE page](#). Your support is a gift that brings hope to those affected by pancreatic cancer, and it is a powerful way to express gratitude during this season of giving thanks.

TEAM ARNONE and PanCAN extend their heartfelt appreciation to all contributors and supporters. Together, we can make a difference in the lives of those touched by pancreatic cancer, turning the spirit of giving thanks into a beacon of hope.
