

# ProAct Safety Celebrates 30 Years Pioneering Approaches to Safety Excellence

*Global safety consultancy reaches milestone in helping organizations achieve sustainable excellence in safety culture and performance.*

HOUSTON, TX, USA, November 7, 2023 /EINPresswire.com/ -- ProAct Safety, a recognized pioneer of safety excellence strategies, announced it will celebrate 30 years of service this November. The company has completed more than 2,000 unique safety projects across every major industry.

The company was founded in 1993 by retired CEO, Terry L. Mathis, to help organizations create proactive, results-driven and sustainable safety strategies. As an early adopter of behavioral psychology in the workplace, Terry was a well-recognized thought leader in safety, honored multiple times as one of the “50 People Who Most Influenced Safety” by EHS Today.

“During the 1980s and early 1990s several consultants had developed programs to improve safety performance, but no one had really developed a comprehensive approach to all the key elements of safety excellence,” Mathis says. “Such an approach was what made ProAct Safety unique and valuable. The ongoing continuous improvement of these processes makes us an even more valuable partner in safety excellence today.” According to current CEO Shawn M. Galloway, “ProAct Safety now focuses on the most advanced aspects of safety excellence to guide clients on their unique journey to continually improve performance and culture. Our consulting, advising, coaching, workshops, and keynotes concentrate on building the Five 5 Core Capacities of Safety Excellence: Systems, Leadership, Cultural, Engagement, and Strategic.”
