

# American Recycling Holdings appoints David Hokens as President to Boost Growth and Reinforce Regional Leadership

*Tide Rock, an unlevered buyout firm, is thrilled to announce the appointment of David Hokens as President of American Recycling Holdings ("American Recycling").*

SAN DIEGO, CALIFORNIA, UNITED STATES OF AMERICA, November 7, 2023 /EINPresswire.com/ -- Tide Rock, an unlevered buyout firm, is thrilled to announce the appointment of [David Hokens](#) as President of [American Recycling Holdings](#) ("American Recycling"). American Recycling is a full service commercial and industrial recycling company and is part of Tide Rock's recycling portfolio, which includes platforms such as Full Circle Electronics ("Full Circle"), a national recycling provider that specializes in electronics recycling, IT asset disposition, and data destruction, as well as MAT Recyclers ("MAT"), a mattress recycling provider in California.

David Hokens, CEO of American Recycling Holdings

Mr. Hokens has over 20 years of experience in material science engineering as well as food and agriculture, giving him a strong familiarity with the commodities materials markets and the full circle economy for paper, cardboard, plastics, and metals.

Most recently, Mr. Hokens was a leader in Procurement and Operations at Ready Pac Foods, Inc. and National Veterinary Associates. Prior, he was in Corporate Strategy at The Wonderful Company, a privately held holding company of various food and agriculture brands, including POM pomegranates, Halos mandarin oranges, Wonderful pistachios and lemons, FIJI water, JUSTIN wines and other similar brands, and a strategy consultant with Booz & Company and A.T. Kearney. Early in his career, Mr. Hokens was an engineer at Owens Corning and at Amerigas.

"We are excited to have David onboard as the leader of American Recycling," said [Mark Papp](#), President of Tide Rock Yield Co. "His diverse experience in and deep understanding of commodity materials, food and agriculture positions him well for American Recycling. He understands the needs of the customer base as he ran a grapefruit business at The Wonderful Company and led procurement at Ready Pac Foods. We have strong confidence that he will enhance American Recycling's operations and build relationships with current and future customers. American Recycling is the single source recycling provider and industry leader in North Central Valley, and we are confident that David will further solidify and grow our position in the market, as well as expand our reach across the region."

Mark Papp, President of Tide Rock

About Tide Rock and American Recycling

Tide Rock

Tide Rock is an unlevered buyout firm that acquires companies with strong free cash flow and grows them to scale, while distributing high quarterly yield to its investors. It owns a portfolio of economically resilient business-to-business companies in the micro lower market, specifically in the manufacturing, distribution, and services industries. The company's unique model consistently drives high yield returns, without the risk profile typically associated with other investment vehicles. For more information, visit [tiderock.com](http://tiderock.com).

## American Recycling

American Recycling, a full-service commercial and industrial recycling company, is dedicated to diverting waste materials such as cardboard, paper, plastics, and metal from the waste stream. With a management team boasting over 60 years of combined experience in the recycling industry and 40 years in waste reduction consulting, they offer specialized services in designing and installing custom recycling systems. Committed to delivering high-quality service and tailored solutions for warehousing, storage, and distribution, food processing, institutions, and

industrial industries of all sizes, American Recycling ensures efficient, trustworthy, and reliable waste disposal and recycling management services. For more information, visit [americanrecyclingholdings.com](http://americanrecyclingholdings.com).
