

# eStruxture Data Centers Named One of Canada's Enterprise-Industry leaders winners in Deloitte's Technology Fast 50™

MONTREAL, CANADA, November 8, 2023 /EINPresswire.com/ -- Today, Deloitte Canada announced that eStruxture, the largest Canadian data center provider, was recognized as one of the winners of the Enterprise – Industry leaders award as part of the 2023 Technology Fast 50™ program.

Celebrating its 26th anniversary, the award recognizes fastest-growing enterprise-level technology, media, and telecommunications companies by revenue-growth percentage over their last four years of operation. This leadership category is open to companies that recorded a minimum revenue of \$10 million in 2019 and \$50 million in 2022.

"I am humbled by this recognition and incredibly proud of the work and ambition the team at eStruxture brings to the office every single day", says Todd Coleman, Founder, President and CEO of eStruxture. "This award is a testament to the rapid growth of our company and to the trust that our customers have in our team of dedicated professionals."

"This year's Enterprise – Industry leaders winners represent a high level of excellence and success as members of Canada's elite in the technology sector," stated Anders McKenzie, partner and national leader for the Technology Fast 50™ program at Deloitte Canada. "With their bold vision for the future, impactful technologies, competitive drive, and passion for pushing the boundaries, these winners catapult Canadian innovation forward nationally and on the global stage. No doubt their successes are a source of pride and inspiration for all tech entrepreneurs."

About the Deloitte Technology Fast 50™ program

The Deloitte Technology Fast 50 program is Canada's pre-eminent technology awards program.
