

Taxfyle Appears on The 2023 Deloitte Technology Fast 500™ for The Second Year In a Row!

Attributes 612% Revenue Growth to the launch of its latest bookkeeping and consultation verticals

MIAMI, FLORIDA, UNITED STATE, November 8, 2023 /EINPresswire.com/ -- Taxfyle today announced it ranked #235 on the Deloitte Technology Fast 500™, a ranking of the 500 fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies in North America, now in its 29th year. Taxfyle grew 612% during this period.

Taxfyle's chief executive officer, Richard Lavina, credits the strength of its team,

quality of its professional network and their work, and the growing shortage of qualified accountants in the US, with the company's revenue growth. He also believes that the launch of its newest verticals, Taxfyle Bookkeeping and Taxfyle Consultations will lead to strong, continued revenue growth. With these additions, Taxfyle is working diligently to expand its product

offerings for the needs of small businesses and taxpayers. He said, "We are incredibly proud to be included on the 2023 Deloitte Technology Fast 500™ for the second year in a row. This achievement is a reflection of the unwavering dedication and expertise of our team, as well as the strong partnerships we have built with our clients. We will continue to strive for excellence and drive innovation in the accounting sector."
