Rob Steele, CGO

ongoing investments in our team and our technology are going to help us continue to grow and innovate giving our customers a strategic technology advantage in the market.”

“Each year I look forward to reviewing the progress and innovations of our Technology Fast 500 winners as these companies truly demonstrate how important new ideas are to progressing our society and the world, especially during difficult times,” said Paul Silverglate, vice chair, Deloitte LLP and U.S. technology sector leader. “While software and services and life sciences continue to dominate the top 10, I’m encouraged to see other categories making their mark. Congratulations to all the winners who show us how creativity, hard work and perseverance can lead to success.”

“As a growing company, it's always rewarding to be recognized for the ongoing commitment it takes to navigate obstacles, transform when necessary and ultimately create a thriving business,” said Christie Simons, partner, Deloitte & Touche LLP and industry leader for

technology, media and telecommunications within Deloitte's audit and assurance practice. "Over the nearly 30 years we've been compiling the Technology Fast 500 we've seen new categories emerge, growth rates explode, and certain regional markets shine from the bright talent they attract. We are proud of all the winners for achieving this well-deserved honor."

Overall, 2023 Technology Fast 500 companies achieved revenue growth ranging from 206% to 222,189% over the three-year time frame, with an average growth rate of 2,051% and median growth rate of 524%.

About the 2023 Deloitte Technology Fast 500

Now in its 29th year, the Deloitte Technology Fast 500 provides a ranking of the fastest-growing technology, media, telecommunications, life sciences, fintech, and energy tech companies — both public and private — in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2019 to 2022.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least US\$50,000, and current-year operating revenues of at least US\$5 million. Additionally, companies must be in business for a minimum of four years and be headquartered within North America.
