

# InventionHome® Announces New Invention—Amazing Flip It Bottle Hole Game—As U.S. Toy Industry Sales Hits \$29B

MONROEVILLE, PA, USA, November 8, 2023 /EINPresswire.com/ -- Joseph M. of New York has designed an indoor/outdoor bottle toss game of skill and strategy. The innovative game is a set of specialized bottles and game boards that create an exciting bottle toss game for players of all ages. The bottles have a patented cap with a wide flat design specifically for flip tricks, an extremely popular activity of the youth market.

While U.S. toy sales remained steady in 2022, the market saw strong growth over the past three years. The industry has shown remarkable resilience in the face of pandemic and inflation related challenges.

Joseph is working closely with [InventionHome](#), a leading invention licensing firm, to sell or license the patent rights to his Amazing Flip It Bottle Hole Game. Ideal licensing candidates would be U.S. based product manufacturers or distributors looking to further develop and distribute this product innovation. The inventor has an inventory of finished goods available and was awarded an issued patent by the USPTO.
