GIORGIO MORODER*

MONTREUX, VAUD, SWITZERLAND,
November 10, 2023 /
EINPresswire.com/ -- Dutch actress and
singer Stefanie Joosten, is proud to
announce the release of Intermission,
the energetic follow-up to her 2022
debut album Singing To The Sky.
Intermission is Stefanie's second
collaboration with Grammy and
Academy Award-winning recording
artist Giorgio Moroder.

Following their recently released
singles "Tryouts For The Human Race,"
a reimagining of The Sparks classic hit, and "Logistics," Intermission marks Giorgio's first
appearance as a featured artist since the release of Daft Punk's Random Access Memories in
2013 before continuing to produce and write with artists like Duran Duran. Moroder previously
collaborated with Joosten on her 2022 debut album
Singing To The Sky as an executive producer. For her
follow-up album, Giorgio shifts his incredible talents from a
behind-the-scenes role to joining Stefanie on the vocoder.

“

I can't wait to share this
musical adventure with the
world, and I hope the
listeners will be as excited as
I am to embark on this
incredible journey with me.”

Stefanie Joosten

Intermission features a mix of reinvented covers of classic
songs like "Walking Into A Heartache," and The Sparks
classic "Tryouts For The Human Race," as well as original
tracks like "Life in Tokyo," and "Resist."

"I've always believed that creativity knows no bounds, and my journey as an artist has been a

thrilling exploration of different genres and emotions," says Joosten. "My new album is a testament to the joy of pushing boundaries and trying new things. I can't wait to share this musical adventure with the world, and I hope the listeners will be as excited as I am to embark on this incredible journey with me."

Intermission can be purchased at Apple Music, iTunes, Bandcamp and other favorite streaming services.
