

Hide-A-Trim Introduces Easy-to-Install Flush Mount System for Outlets & Switches

POMPANO BEACH, FL, US, November 11, 2023 /EINPresswire.com/ -- Hide-A-Trim, an innovator in construction aesthetics, is introducing its improved [flush mount system for outlets and switches](#). This system promises to help the custom home building, architecture, interior design, and construction industries by offering an easy-to-install, sleek, and customizable alternative to traditional plate covers.

Traditional plate covers have long been a necessary, yet often unsightly, component in room design. Their bulky appearance can disrupt the flow of a room, detracting from the intended aesthetic. Recognizing this gap in the market, Hide-A-Trim was founded with a vision: to seamlessly blend outlets and switches with the design of any space.

Key Features of Hide-A-Trim's innovation include:

“

We believe that design and functionality should go hand in hand”

Eli Nassim

Seamless Design: The flush mount system offers an elegant, nearly invisible finish, ensuring outlets and switches complement, rather than detract from, room aesthetics.

Customizable: The paintable surface of the Hide-A-Trim system allows outlets and switches to blend with walls, cabinets, or other surfaces, offering design versatility.

FLUSH MOUNTED SOLUTIONS

Hide-A-Trim Flush Mounted Solutions

Versatile Application: Designed to be compatible with 1/2" and 5/8" drywall, or adaptable for hard surfaces like tile, marble, or wood.

User-Friendly: Unlike other flush-mount options on the market, Hide-A-Trim's solution is tailored for ease, making installations time-efficient and [straightforward for contractors](#).

"We believe that design and functionality should go hand in hand," says Eli Nassim, Founder of Hide-a-Trim, "With Hide-A-Trim, we're not just offering a product; we're offering a solution that elevates the aesthetics of any space. It's a simple yet transformative approach to an age-old challenge in the construction and design industry."
