quality.

Water Chemistry Analysis: The company employs advanced water testing techniques to analyze the pool's water chemistry. This ensures that the water is balanced, preventing issues such as algae growth and bacterial infestations.

Equipment Inspection: Empirical Pools conducts a meticulous inspection of the pool's equipment, including pumps, filters, and heaters. Any issues or potential problems are identified and addressed promptly to ensure optimal performance.

Tile and Surface Cleaning: The service includes the cleaning of pool tiles and surfaces, enhancing the overall aesthetics of the pool and preventing the buildup of unsightly deposits.

Skimmer and Basket Cleaning: The technicians at Empirical Pools pay close attention to skimmers and baskets, ensuring they are clean and functioning correctly. This prevents clogs and improves the efficiency of the pool's circulation system.

Scott Sucharew, Owner of Empirical Pools

Scott Sucharew, the owner of Empirical Pools, brings a wealth of experience and expertise to the pool service industry. His passion for delivering exceptional service and his commitment to customer satisfaction have been instrumental in establishing Empirical Pools as a trusted name in the Scottsdale community.

In a statement, Scott Sucharew expressed his enthusiasm for the new weekly pool cleaning service, saying, "We understand the importance of regular maintenance in preserving the longevity and beauty of a pool. Our weekly cleaning service is designed to make pool ownership a hassle-free and enjoyable experience for our clients."
