"It's music that breathes... played by empathetic, truly virtuosic musicians. But is it rock, jazz, prog or fusion? Who knows, but it's some of the greatest British instrumental music of all time".
Sounds of Surprise

"... despite a landscape of constantly-shifting meters and tempi, the magic of One of a Kind is that it remains compelling and accessible". All about Jazz

"This collection of ten tracks stands as a maelstrom of chops, arranging skills and inspired ensemble playing... the dynamics between drums, keys and fretless bass provide a high profile, capable structure for Holdsworth's top-flight soloing ability". Exposé Online
