

Flower Turbines' Charging Station is the Solution to Polluted Cities

Flower Turbines' renewable Charging Station is the solution to congested streets and polluted air in city centers.

ZOETERMEER, NETHERLANDS,
November 16, 2023 /

EINPresswire.com/ -- [Flower Turbines'](#)
wind/solar off-grid [Charging Station](#) is
the solution to congested streets and
polluted air in city centers.

The Charging Station collects wind and
sun energy and stores it in a battery,
thereby encouraging the use of e-bikes
and other personal mobility devices in
busy city centers. For more
information, visit

<https://www.flowerturbines.com/chargingstations>

As an example, the city of Frankfurt
Oder has shown its commitment to
forward-thinking, sustainable energy
solutions by installing a Flower
Turbines Charging Station for
convenient e-bike charging in the heart
of the city. View the video of a Flower
Turbines Charging Station at work in
the city of Frankfurt Oder here:
