

Camden County, NJ Expands GovPilot Partnership With New Government Management Software In 2023

The NJ County expands their partnership with the government management software provider to streamline operations and government services in the municipality.

CAMDEN COUNTY, NJ, UNITED STATES, November 13, 2023 /

EINPresswire.com/ -- Customer Since 2015 with 25 Total Modules Deployed

Camden County, NJ has implemented additional government management software solutions into their municipal

offices throughout 2023 in order to automate processes, digitally manage data, and engage citizens via the cloud with [GovPilot](#) - the Operating System for Local Governments. In collaboration with GovPilot, a government management software provider based in New Jersey, Camden County expanded a partnership that will allow the local government to access new, modern, software solutions across the municipality.

This partnership aims to provide both citizens and government officials simplified access to data and information that will save valuable time and resources across the board. GovPilot's customer success rates and stellar reviews set this government management software provider apart from all others, streamlining the implementation of new software solutions efficiently and successfully for Camden County.

Among the software solutions previously deployed by Camden County is the most recent 2023 addition which includes:

[Mosquito Control Inspector Route Cards Module](#)

All additional software solutions deployed by Camden County in 2023 will continue to simplify and digitize once manual, paper-based government processes, allowing for government workers
