

# Flutter Meetup Wrocław is back

*The fifth edition of Flutter Meetup Wrocław x Applover is set to take place on the 16th of November, promising an evening filled with talks and networking.*

WROCLAW, LOWER SILESIA, POLSKA, November 14, 2023 /EINPresswire.com/ -- The fifth edition of Flutter Meetup Wrocław x [Applover](#) is set to take place on the 16th of November at PROZA, (or through our live stream on [the FB event page](#) or [GDG Wrocław YouTube Channel](#)), promising an evening filled with insightful talks and networking opportunities.

## Speaker Highlights:

1. Michał Gauza - Flutter Developer at Applover  
Topic: "Flutter CustomPaint is (probably) not as scary as you think"
  - Unraveling the mystery of CustomPaint
  - Basic and intriguing usage examples
  - Dive deep into the artistic side of Flutter

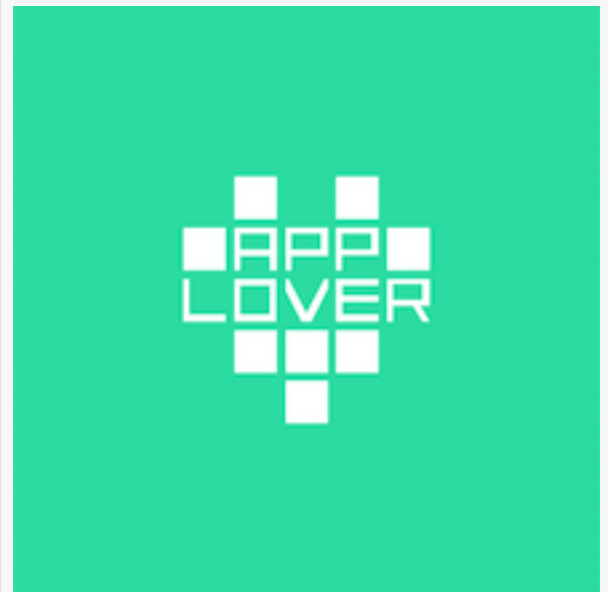

### About Michał Gauza:

With over 4 years of Flutter experience, Michał stumbled upon Flutter by accident and never looked back. Join him as he shares his insights on making CustomPaint less intimidating.

2. Adam Stelmaszyk - Senior Flutter Developer at EmbedIT  
Topic: "Exploring Flutter Web: State, Challenges, and Stunning Views"
  - Current state of Flutter Web technology
  - Advantages and challenges of adopting Flutter Web
  - Strategies for overcoming obstacles
  - Crafting visually stunning views

### About Adam Stelmaszyk

EmbedIT has been using Flutter for years, and Adam has experience in building complex and robust applications using this technology. He is also actively involved in the Flutter community and helps others learn about the framework through his blog posts, articles, and videos.

Applover is a Full-Stack Digital Agency from Wrocław, Poland, founded in 2016. Currently, it consists of nearly 130 experts who have so far developed over 200 projects. Deloitte recognized the company as Rising Star (Fast 50 Tech) in the CEE region in 201

3. Teresa Wu - Google Developer Expert (GDE) and Software Engineer  
Topic: "DevOps for Frontend: A Journey to Productivity"

- Understanding DevOps for frontend development
- Creating a CI/CD pipeline for improved productivity
- Key takeaways on project design, modularization, and more

About Teresa Wu:

VP Engineer at J.P. Morgan, Google Developer Expert, Google WTM Ambassadors and Mentor. A seasoned software engineer passionate about frontend development and Cloud technology, Teresa will guide you through the world of DevOps for frontend projects.
