New World Record set at Aquarium of the Bay at PIER 39

SAN FRANCISCO, CALIFORNIA, UNITED STATES, November 14, 2023 /EINPresswire.com/ -- On Saturday, November 11, 2023, 13-year-old Avery Fisher broke the world record at Smithsonian-affiliated Aquarium of the Bay working an incredible 38 underwater magic tricks clocked in 3 minutes, in one of the longest 750,000-gallon saltwater aquarium tunnel systems in the nation.

This exceptional Ocean Youth Ambassador has helped the aquarium during its toughest COVID times with

her steadfast support and commitment to ocean conservation and advocacy. All of us at the aquarium join me in thanking Avery for her hard work and inspired engagement.

Avery became the youngest scuba magician to perform 38 magic tricks underwater in the aquarium's Nearshore Tunnel in less than three minutes, breaking the old record of 20 magic tricks to gain exposure for the aquarium and encourage others to support Ocean Conservation efforts.

The nonprofit Aquarium of the Bay at PIER 39 is part of the BayEcotarium dedicated to promoting climate resilience and ocean conservation by protecting and preserving eco-diversity for the last 42 years.

Elaborate prep work was arranged by the Aquarium's Dive Safety Officer and Animal Care teams for the performance in 58 degree temperatures installing lighting, equipment, cameras, and calibrations.
