

ProHance: Analytics and Operations Empowerment at HIMSCON 2023

Healthcare Optimisation at HIMSCON 2023, Unveiling Innovative Solutions for Optimal Operations and Revenue Cycle Management. #ProHanceInHealthcare #HIMSCON2023

MANILA, PHILIPPINES, November 16, 2023 /EINPresswire.com/ -- [ProHance](#), a new-age workplace analytics and operations enablement platform that is an ideal fit for technology-enabled revenue cycle management services for the healthcare industry participated in the Healthcare Information Management Services Conference held on October 19-20 at the Peninsula Manila.

The Healthcare Information Management Services Conference is an annual event that brings together industry leaders, experts, and solution providers to discuss the latest trends, challenges, and innovations in healthcare information management. ProHance's participation in this conference highlighted the company's dedication to staying at the forefront of technological advancements in the healthcare sector.

Ashish Syngal, Vice President of Customer Success and Key Accounts, hosted a session on "Building Best In Class Performance & Governance Model in RCM." The session provided valuable insights into optimizing revenue cycle management (RCM) by implementing robust performance and governance models. Attendees gained practical knowledge and actionable strategies to enhance efficiency and productivity in their revenue cycle processes.

"We are thrilled to have had the opportunity to participate in the Healthcare Information Management Services Conference and share our expertise in building best-in-class performance and governance models in RCM," said Ashish Syngal. "ProHance remains committed to supporting healthcare organizations in achieving operational excellence and navigating the
