Achievable partners with universities and organizations through its [Achievable for All](#) program to provide students with free online preparation classes, test prep books, and other materials needed for their exams.

Mamás Unidas LR's President, Mayca Alvarez said, "We are excited to partner with Achievable on this program. We believe it's essential that all students have the opportunity to succeed in higher education, and our partnership with Achievable will be an important step in ensuring our students are prepared for the ACT exam."

"We strongly believe in Mamás Unidas LR's mission and are thrilled to work with them to provide Arkansas' Hispanic youth access to quality exam prep materials," said Justin Pincar, Achievable's Managing Director. "By working together, we'll be able to ensure more students have access to the resources they need to succeed in their studies."

The program has launched its first cohort this fall 2023, and Mamás Unidas LR has identified its first wave of 65 students who qualify for the free ACT prep materials. The organization plans to host this ACT program again next year for interested students.

With this partnership, Mamás Unidas LR hopes to bridge the gap between the Hispanic community and higher education and give students the tools they need to succeed.
