Sawtooth Expandable Tonneau for 2022–Present Ford Maverick

Compact pickup trucks like the Ford Maverick, with their smaller beds, often present challenges when it comes to transporting larger or taller cargo. The Sawtooth STRETCH tonneau overcomes these limitations, offering a solution for covering and securing loads that extend above the bed rails. With the Sawtooth Tonneau, Maverick owners can say goodbye to the hassle of using bungees, straps, and tarps to secure oversized gear in a small bed.

“

We are very excited to include the world’s most versatile truck bed cover to our Ford Maverick customers.”

D.J. Potter, CEO of Sawtooth, expresses his excitement about the product, stating, “After hundreds of requests, we are finally ready to launch the sale of the world’s most versatile truck bed cover to our Ford Maverick customers. These trucks, by their very nature, have smaller, shorter beds. The [Sawtooth expandable tonneau](#) gives Ford Maverick customers the extra hauling capacity that traditional ‘flat only’ tonneaus limit.
